# TUCK'S POST CARD

CARTE POSTALE — POSTKARTE

**The Island and Suspension Bridge.** The island is an isolated mass of rock which, at some period of time, has become detached from the main cliff and is now at high tide separated from it by a channel of water. To enable visitors to secure the beautiful outlook from the summit of the rock at all states of the tide, a light suspension bridge has been erected, much scrambling and climbing being thus avoided.

(FOR ADDRESS ONLY.)
